

Changes to New Patients and Forms tab

Hi,

Can you please replace the entire **New Patients & Forms** page with the content below and set up each button as a **separate, direct PDF download** (no combined files)?

Button behavior:

- Each button should download its own PDF (or open the PDF in a new tab and allow download).
- Keep every form as its own file and its own button.

NEW PAGE CONTENT (copy/paste)

New Patients & Forms

We look forward to welcoming you to AzureWave Medical Services. To ensure your first visit is efficient and focused on your medical care, please review the information below and complete all required forms prior to your appointment.

AzureWave is a limited-panel internal medicine practice. Completing paperwork in advance allows us to preserve your scheduled appointment time for clinical care.
